I do NOT support the Department of Labor's proposal to remove trading options in IRAs (RIN 1210-AB32 & ZRIN 1210ZA25). I have invested in my IRAs for years now; I use two different brokerage firms. I have more than sufficient training in stocks & options (up to a Masters degree in more than one program). I use option trading to grow my account. This has been working GREAT for me. We do NOT need more government regulations telling me how to invest in my IRAs!!! I do NOT support removal of trading Options!!! Removal of that ability would GREATLY harm my ability to plan for my retirement!!!

Thank you,
